Q5. Ans:-> This passage title is "New steps for safety?"  
Passing through this tough period gave people some time to reflect on the importance of keeping themselves fit. With sufficient time in hand, people started investing their time in learning new ways to exercise. Which are giving excuses of busy lives, too developed some new habits of yoga, pranayama and exercises during the lockdown period. If people's increased focus on their health, wellness and immunity will surely change the way. Still we should keep precaution: by wearing mask, physical distance, hand hygiene as part of daily life. It is making new behavior part of our everyday habits. Travelling to new places, casual cafe visits with a large bunch of friends, large gatherings in birthday parties and other celebrations, will require some modifications and patience to fit into "New Normal" keeping all the safety norms in mind.
